Who is the Phoenix Center for the Arts?

The Phoenix Center for the Arts mission is to provide arts and culture opportunities for all through education, programming, and advocacy. As a community-focused nonprofit, the center supports local artists and offers diverse, accessible arts experiences to individuals and families, serving as a hub for artistic growth

What is a silent disco?

A silent disco is a party where attendees wear wireless headphones to listen to music from multiple DJs or channels, creating a "silent" environment for people without headphones. Attendees can switch between different music genres on separate channels, with the headphones often lighting up to show which channel they are listening to. This setup eliminates noise pollution and allows people with different music tastes to coexist at the same event.

What are the event details?

The event will take place on the evening of April 11, 2026 at the Phoenix Center for the Arts. This is an all ages event, and we anticipate approximately 100 people will attend.
